Air Quality Forecast for the UK

Issued by the Met Office

Today: Low air pollution levels are again expected for much of the UK. Small areas of Moderate levels are possible in parts of the east, with locally-generated pollution remaining near its source in the light wind.

Tomorrow: Air pollution levels are expected to be Low across the UK, in the prevailing changeable weather conditions.

Outlook: Unsettled and often rather breezy through this period, helping to disperse pollutants and keep air pollution levels Low across the UK.
